4	9/27/2018	Response	S-1305	Smoke-free Rutgers	Nancy Cantor	Convene an appropriate RU-N body to make recommendations to address non-smoking education and minimize second-hand smoke exposure.	Based on feedback from various constituencies, second-hand smoke exposure does not seem to be a salient issue at RU-N. However, we clearly recognize the critical importance of the issue. This fall semester RU-N focused on voting, immigration, sexual assault and harassment, food insecurity, and homelessness, so we were not able to attend to non-smoking education. However, we will most certainly take this issue up in the Spring 2019 semester. We will be convening a committee at the beginning of the spring with representatives from the SGA, GSGA, Newark Faculty Council, and Staff Council to make recommendations about how to best address non-smoking education at RU-N.
